

ABOUT THE LANDSCAPE ARCHITECTURE PROGRAM

The Texas A&M Bachelor of Landscape Architecture (BLA) program is consistently ranked among the top landscape architecture programs in the country. Our program ranked 11th in the nation in DesignIntelligence's 2019–2020 "Most Admired Landscape Architecture Schools," and has been consistently ranked within the top 10 landscape architecture programs in the last decade.

Students take studio classes that connect their learning to the professional world. This project-based coursework fosters innovation, assessment, and professional judgment. We also provide unique opportunities to conduct undergraduate research rooted in evidence-based design.

Our BLA program is a four-year accredited program by the Council of Landscape Architecture Registration Boards under the auspices of the American Society of Landscape Architects. After completing your degree, you'll be ready to enter the workforce, obtain licensure, or pursue a graduate degree at Texas A&M or another institution.

CAREERS

Our program prepares students to enter desirable industries and graduate programs after graduation.

The BLA program prepares students to become professional landscape architects in private and public sectors. Graduates are prepared for employment in a wide range of industries, including landscape architecture, engineering, architecture or planning firms, or government agencies.

Our graduates have gained distinction for projects including residential communities, college campuses, urban designs, land and water conservation, and historic preservation.

AREAS OF EMPHASIS

- Evidence-based design methodology (integration of research with design process)
- Design communication
- Sustainable landscape Design
- Health by design
- Landscape construction and low impact development technology

PROGRAM SEMESTER CURRICULUM | CATALOG 147 (2024 - 25)

FIRST YEAR | FALL SEMESTER

Listing	Class	Credits
FYEX 101	Hullabaloo U	0
ECCB 205	Fundamentals of Ecology	3
LAND 101	Introduction to Landscape Architectural Practice	3
LAND 111	Landscape Architecture Communication 1	3
MATH 140	Math for Business & Social Sciences	1
URPN 202	Building Better Cities	3
URPN 220	Digital Communication 1	3
Semester Credit Hours		16

FIRST YEAR | SPRING SEMESTER

LAND 240	History of Landscape Architecture	3
LAND 112	Landscape Architecture Communications II	3
MATH 142	Business Calculus	3
URPN 320	Digital Communication II	3
Life and Physical Science Core Curriculum		4
Semester Credit Hours		16

SECOND YEAR | FALL SEMESTER

ARCH 250	Survey of World Architecture History II	3
HORT 306	Trees and Shrubs for Sustainable Built Environments	3
LAND 211	Landscape Design 1	4
LAND 231	Landscape Construction 1	4
KINE 120	The Science of Basic Health & Fitness	1
Semester Credit Hours		15

SECOND YEAR | SPRING SEMESTER

ENGL 104	Composition & Rhetoric	3
HORT 308	Plants for Sustainable Landscapes	3
LAND 212	Landscape Design 2	4
LAND 232	Landscape Construction 2	3
Upper Level Elective		3
Semester Credit Hours		16

THIRD YEAR | FALL SEMESTER

LAND 301	Landscape Architecture Theory	3
LAND 311	Landscape Design 3	5
POLS 206	American National Government	3
History Core Curriculum		3
URPN Elective*		3
Semester Credit Hours		17

THIRD YEAR | SPRING SEMESTER

Listing	Class	Credits
ECCB 215	Ecology Lab	1
LAND 241	Landscape Architecture in America	3
LAND 312	Landscape Design 4	5
LAND 331	Landscape Construction 3	4
POLS 207	State & Local Government	3
Semester Credit Hours		16

SUMMER SEMESTER

ENGL 210	Technical Writing	3
LAND 484	Summer Internship	0
Semester Credit Hours		3

FOURTH YEAR | FALL SEMESTER

LAND 494 or CARC 301	Internship or Field Studies in Design Innovation	6
Study Abroad or 2 General Electives (Upper Level)*		6
Semester Credit Hours		6 or 12

FOURTH YEAR | SPRING SEMESTER

LAND 412	Landscape Design 5	5
LAND 431	Professional Practice	3
Cultural Discourse		3
History Core Curriculum		3
URPN Elective*		3
Semester Credit Hours		17

Curriculum subject to change

* See advisor

A grade of C or better is required in courses under major coursework, supporting coursework, and MATH 140.

Semester away can be fulfilled by study abroad or study at an approved other university (12 hours) or internship (6 hours).

Study abroad students will take CARC 301, CARC 311, and CARC 331. Other university courses will be approved individually through an advisor.

Internship students will register for LAND 494 in 4th year, fall semester. Upper level general elective must be taken in semesters other than fall, 4th year.

Any student transferring or changing majors into landscape architecture should understand that the program consists of 4 years of sequential studio courses, with the sequence beginning in a fall semester. It will take at least 4 years to complete the curriculum. Therefore, students should have less than 60 hours total to avoid going over the state hour limit.
