

# T4 - Master of Landscape Architecture (MLA) Program

---

COA > SHOWCASE

This display table at the COA Showcase is designed to highlight the Master of Landscape Architecture (MLA) program in our College. The table features a dynamic display of materials that showcase the curriculum, faculty expertise, and student achievements. Formats of the display includes brochures, flyers, and digital screens presenting key aspects of the program. We will engage the audiences and provide oral introductions to the program's unique features. We will also invite 1-2 current MLA students to help answer questions, share experiences, and discuss the diverse career pathways that graduates can pursue.
